Dear Comander:

It is with heavy heart that I am writing this letter of Resignation as Adjutant of DAV Chapter 70. I was just released from the hospital at Gainesville VA and because of my many illnesses and tests that I will have to be going through during the next several months is the reason for my resignation.

It is not fair to the Chapter to have an Adjutant who is not able to do their job or position justice. It would be much better to have someone who is able to be there for the Chapter and the other members. My illnesses right now prevent me from doing any of those things.

I will be undergoing biopsies within the next month or two for various tumors that were found through CT Scans and Ultra sound. If they turn out as the doctor expects I will be in the need of surgery. Not knowing the outcome of any of this is the very reason I am submitting my resignation.

At what time I will be able to return to regular meetings is unknown also. It has been a great pleasure serving my country and my DAV Chapter but at the present time my health has to come first. Thank you.

Sincerely,
